

## IssuTrax™

is a suite of web and mobile applications used to create, manage, track, and respond to all guest service events and maintain & improve shipboard spaces & assets

**xInspector™** – is a comprehensive mobile inspection application tailored for vessel operations, featuring customizable questionnaires, automated scoring, issue management, corporate standard adherence, and performance tracking capabilities.

**Versatile Connectivity:** Operates flawlessly in both online and offline modes, guaranteeing continuous functionality even without WiFi.

**Flexible Scoring:** Set pass/fail scores and enable auto re-inspections for comprehensive assessment coverage.

**Efficient Issue Management:** Instantly generate tickets for failed questions, ensuring timely resolution of discrepancies.

**Streamlined Scheduling:** Effortlessly schedule and allocate inspections for both immediate and future dates, ensuring efficient workflow management.

**Comprehensive Inspection Capabilities:** Perform inspections for various purposes including location assessments, audits, & departmental evaluations.

**Improved Documentation Process**  
Record comments, capture photos, and obtain electronic signatures upon completion of inspections, facilitating enhanced documentation practices.
